### **Lesson Plan/Activity**

**Play: Lion Connections**

**By: Cathy Skora**

### **Objectives and Goals**

Students will learn facts about lions living together as a community and be able to make connections as to how their classroom lives and works together as a community.

In addition students will practice reading, speaking, memorization, and role playing.

### **Anticipatory Set**

Provide fact sheets, photos or brief video about lion communities.

Have students share any additional informational they may have about lions.

Students brainstorm to come up descriptive words about lions.

### **Direct Instruction**

Brain Storm session getting ideas from all students about what they see that is like a community in the lion pictures and facts.

Write all ideas on poster.

Make a final list that will be posted in the room while the play is being introduced and practiced.

### **Extending the Learning**

Have students work in groups making a poster that demonstrates 2-4 of the similarities between the lion community and your school or classroom community.

When posters are complete have each group share their posters and ideas with the rest of class. Keep posters hanging in your room as you rehearse the script.
